

internet technologies & society 2012

The 3rd edition of the **International Conference on Internet Technologies & Society 2012** was held in Perth, Australia, during **28-30 November, 2012**.

This conference was organized by the International Association for Development of the Information Society (IADIS) and co-organized by Curtin University, Curtin Business School, Australia.

Co-organized by:

Curtin University

Sponsored by
Curtin Business School

The Internet Technologies & Society 2012 conference (ITS 2012) aimed to address the main issues of concern within WWW/Internet as well as to assess the influence of Internet in the Information Society. The main tracks for submissions were: Internet Technologies, Information Management, e-Society and Digital Divide, e-Business / e-Commerce, e-Learning, New Media and e-Society, Digital Services in e-Society, e-Government / e-Governance and e-Health.

This third edition received 124 submissions from more than 26 countries. Each submission was reviewed in a double-blind review process by an average of four independent reviewers to ensure quality and maintain high standards. Out of the papers submitted, 25 got blind referee ratings that published them as full papers, which meant that the acceptance rate was 21%. Some other submissions were published as short papers, reflection papers and posters/demonstrations.

Extended versions of the best papers were selected to be published in:

- ❖ the IADIS International Journal on WWW/Internet (IJWI). ISSN: 1645-7641

- ❖ Pacific Asia Journal of the Association for Information Systems (PAJAIS) (ISSN. 1943-7544)

❖ the Journal of Theoretical and Applied Electronic Commerce Research
(ISSN: 0718-1876)

In addition to the presentation of full papers, short papers, reflection papers and poster/demonstrations, the conference also included two keynote presentations from Carmel McNaught, Professor of Learning Enhancement, CLEAR - Centre for Learning Enhancement and Research, The Chinese University of Hong Kong, China and Matthew Allen, Professor of Internet Studies, Curtin University, Australia.

Keynote Presentation:

“DESIGNING TECHNOLOGY-ENHANCED UNIVERSITY PROGRAMMES AND COURSES IN THE 21ST CENTURY”

by Professor Carmel McNaught Professor of Learning Enhancement, CLEAR - Centre for Learning Enhancement and Research, The Chinese University of Hong Kong, China.

Keynote Presentation:

“COMMUNITIES, NETWORKS, INDIVIDUALS: PLACE, SELF AND EVERYDAY LIFE ON THE INTERNET”
